**Collection of children**

**In order to protect your child(ren) we operate a password scheme.**

**Although you have identified on the registration form the people who can collect your child on your behalf there may be times when you are unable to collect and send a friend or relative not named on the form to pick up your child due to an emergency etc.**

**If you would like to take part in this scheme please complete the boxes below. You can choose your own password. These will be kept confidentially on file. Should anyone other than those identified on the list collect your child we will ask them for the password you have chosen.**

**We will always check with you if we are unsure of the person collecting your child.**

**Your child’s safety is paramount.**
